-

EXPERIENCE

TUCKSHOP MANAGER | Belgium Campus ITversity

2024 - Present

Maintaining accurate records of sales, expenses, and stock levels, preparing reports as needed to identify areas for improvement. Provide a welcoming and positive environment for customers, ensuring friendly and speedy service.

PENN STATE CULTURE AND LEADERSHIP EXCHANGE PROGRAMME

January 2024 – April 2024

I collaborated with international students from Penn State University on a hydroponics project, where I contributed to integrating technologies like Node-RED and Arduino Uno for sensor implementation. Beyond technical skills, this experience enriched my understanding of cultural dynamics, leadership, and teamwork, highlighting the importance of effective collaboration in achieving project goals.

TUTOR | Belgium Campus ITversity

February 2023 – December 2023

Facilitate student learning by helping to clarify specific course content and promote the use of appropriate study strategies.
